

This document updates the *Against the Faerie Queene* campaign book. The first section is applicable to games played in either *Legends of Avallen* or *5th Edition*. The second section is applicable just for games played in *5th Edition*.

ERRATA

The Horror

Battlefield (p. 253). The given description of the battlefield is suitable to run the encounter against Hanya, however its map was not depicted there. Its map can now be seen on p. 13 of the Maps PDF along with its grid version on p. 14. If you do not have the Maps PDF, you can download it here:

www.AdderStoneGames.co.uk/downloads

B20 ERRATA

Contents. The Rogue appears to have disposed of the Ranger. The Ranger is found on p. 41, not the Rogue as is listed in the book contents. The Rogue is found on p. 43.

Player's Guide

Druid (p. 31). The Mighty Tree stat block does not describe the damage types for its attacks. Branch deals bludgeoning damage. Leaf Storm deals slashing damage.

GM's Guide

Fate Cards (p. 63). The rules for Fate Cards mention the need to "Tempt Fate" but the text explaining how exactly one does Tempt Fate was removed by a tricky fae. A section should have been included after the third paragraph as follows:

"The GM tempts fate to see if a complication arises by revealing the four Fate Cards one by one. If at least one Joker or two other court cards are revealed, a complication arises! A court card is a Jack, Queen, King, Ace or Joker.

The colour or suit of the last revealed court card determines for the GM which complication arises according to the scene rules. If it is a Joker, the GM can choose any complication, unless the Joker is assigned a complication in the scene rules."

If you want to read that section in context, the full rules for Fate Cards can also be found in the *Legends of Avallen* quickstart guide which you can acquire here:

www.AdderStoneGames.co.uk/downloads

Scout, Discovery: Opportunity (p. 67). The first sentence of the success result is changed to:

"The party gains the maximum possible healing for any hit dice rolled during a long rest taken at this discovery site today."
